DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see remarks, filed 14 November 2007, with respect to claims 1, 5, 6, 8-17, and 22-63 have been fully considered and are persuasive.

Therefore the rejection of these claims under 35 U.S.C. 103 has been withdrawn.

However these amendments have raised further rejections/objections. See below.

Claim Objections

2. Claims 61-63 are objected to because of the following informalities: They depend on cancelled claims 20 and 21. Appropriate correction is required.

Claim Rejections - 35 USC § 112

- 3. The following is a quotation of the second paragraph of 35 U.S.C. 112:
 The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 4. Claims 1, 5, 6, 8-17, and 22-63 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
- 5. As per claim 1, lines 6 and 16 recite, "a read or write command." It is unclear as to whether the second mention of "a read or write command" refers to the first or not. Lines 15 and 17 recite, "a lock." It is unclear as to whether the second mention of "a lock" refers to the first or not. Therefore the claim is vague and indefinite. Claims 5, 6, 8-11, 13-16, 29-44, 50, and 51 are rejected as per their dependency on claim 1.

Page 3

Application/Control Number: 10/056,238

Art Unit: 2141

- 6. Claims 54-56 and 58 contain similar limitations and are rejected under the same rationale. Claims 12, 17, 22-28, 45-49, 52-53, and 61-63 are rejected as per their dependency on claims 54-56 and 58.
- 7. Claim 57 recites, "a lock" in lines 15 and 17. It is unclear as to whether the second mention of "a lock" refers to the first or not. Therefore the claim is vague and indefinite.

Claim Rejections - 35 USC § 101

- 8. 35 U.S.C. 101 reads as follows:
 - Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.
- 9. Claim 54 is rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. The claim recites, "A computer-readable medium storing..." The examiner points out that a computer-readable medium is broad and does not limit the scope of the claim to a tangible medium. And the claimed invention as a whole must be useful and accomplish a practical application. That is, it must produce a "useful, concrete and tangible result." State Street, 149 F.3d at 1373-74, 47 USPQ2d at 1601-02. The purpose of this requirement is to limit patent protection to inventions that possess a certain level of "real world" value, as opposed to subject matter that represents nothing more than an idea or concept, or is simply a starting point for future investigation or research (Brenner v. Manson, 383 U.S. 519, 528-36, 148 USPQ 689, 693-96 (1966)); In re Fisher, 421 F.3d 1365, 76 USPQ2d 1225 (Fed. Cir.

Application/Control Number: 10/056,238

Art Unit: 2141

2005); In re Ziegler, 992 F.2d 1197, 1200-03, 26 USPQ2d 1600, 1603-06 (Fed. Cir.

1993)).

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ranodhi Serrao whose telephone number is (571)272-7967. The examiner can normally be reached on 8:00-4:30pm, M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rupal Dharia can be reached on (571)272-3880. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
